Some of great reasons to become the designer of your dreams.

1. Design is all around us.

Think about it. EVERY industry needs graphic design and will continue to need the services of graphic designers. Which makes graphic design a smart career choice!

2. Graphic Design comes in many flavours.

Print, web, interactive, motion, animation, editorial, packaging and many more. You're sure to find a niche that speaks to you.

3. Graphic Designers have workplace flexibility.

As a graphic designer, you can work for small studios or firms, large scale ad agencies, corporations or even from home as a freelance designer!

4. Graphic design is universal.

Every country and city will have companies and individuals that will need your services across all industries! Think retail, marketing, advertising - the lists are endless.

7. Graphic designers can do freelance work.

Not many professional fields have the ability to work on a freelance basis. As a freelance graphic designer you can be your own boss or make extra money on the weekends.
